STAR-MAX® TOASTER OVEN

Model 526TOA

Features/Benefits:

- ★ Star-Max toaster oven is perfect for toasting, baking and warming pre-blanched pizzas, garlic bread, toast, pizza slices, pizza boats, cheese melts, bagels, bagel sandwiches and toasting sandwiches to perfection.
- ★ Forced convection keeps the toaster oven cool to the touch and extends life of critical components. The forced convection increases productivity by circulating pre-heated air into the oven chamber.
- ★ Quartz infrared elements, two above and two below provide faster, more consistent heating of products compared to traditional heating elements.
- ★ Automatic 15 minute timer takes the guesswork out of preparing a variety of food products.
- ★ Hi-limit switch prevents oven from overheating and protects critical component parts.
- ★ Energy efficient operation with power saver switch that reduces electricity consumption by 75%. Oven automatically returns to 1/4 power at the end of cooking cycle.

Model 526TOA

Applications:

The Star-Max toaster oven is designed and engineered for high quality food service operations keeping value and efficiency in mind. The "gentle top and bottom heat" perfectly bakes and toasts a variety of food products.

Quality Construction:

The Star-Max toaster oven is designed to stand up to the most rigorous foodservice demands. Stainless steel construction for long lasting durability. Quartz elements for superior heating performance. Furnished with 2-1/2" adjustable legs, 6' cord and a standard NEMA 6-20 plug. Unit should be located 2" away from other units or wall to protect fan.

Warranty:

Star's toaster oven is covered by a one-year parts and labor warranty.
