

COLD FOOD HOLDERS CHILLED CREAM SERVERS/HOLDERS

Date: Project: Quantity: Item Number:

Bid Description

Insulated Cream Servers and Espresso Cream Holders are constructed of a stainless steel exterior and one-piece seamless plastic interior. Their compact design takes up only 8" (20.3 cm) of counter space.

The Cream Server and Espresso Cream Holder are available in (2) varieties; with a stainless steel jar and (2) round Eutectic Ice Packs or with (1) black and (1) white HoldCold™ jar. HoldCold™ jars will maintain serving temperature up to (12) hours, when used properly.

The countertop cream server features a stainless steel pump with a cast valve body and welded construction. Maximum stroke yields 1 ounce (30 mL). Supplied gauging collars reduce the yield in $\frac{1}{8}$ ounce (3.7 mL) increments.

The ECH accepts a hose directly from an espresso machine into a hole in the lid.

Standard Features

Stainless steel exterior and seamless plastic interior

Includes a Stainless Steel Jar and (2) Eutectic Ice packs or (1) black and (1) white HoldCold™ jar for extended cooling time

1 oz (30 mL) maximum portion, now adjustable in ⅓ ounce (3.7 mL) increments — allows for Portion Optimization™

Cream Holder conveniently works with your espresso machine

Accessories

- 3 quart (2.8 L) Stainless Steel Jar 94009
- ☐ Eutectic Ice Pack, Round 94013
- ☐ Kit, Round HOLDCOLDTM Jars, (1) white & (1) black 94057

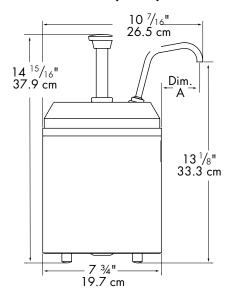

Warranty

Server Products equipment is backed by a two-year limited warranty against defects in materials and workmanship. For a copy of our complete warranty statement, see our website or contact us.
