Waterfree Urinals

FALCON
WATERFREE TECHNOLOGIES

Falcon waterfree urinals reduce water and sewer costs, maintenance and repair bills, and create more hygienic, odor-free restrooms. A patented, sealed cartridge eliminates the need for water, conserving up to 40,000 gallons or more per unit each year. Purchasing and installing Falcon waterfree urinals is less expensive than manual and automatic flush units because flush valves and associated piping are not required. Maintenance costs and vandalism problems associated with flush valves are also eliminated.

Patented, sealed cartridge is made of recyclable ABS and uses a biodegradable sealant liquid to control odors

Features	Benefits
• Touch-free operation	• Improved hygiene and safety
• Uses no water	• Reduced water and sewer costs
• Mechanical-free design	• No costly flush valve or sensor repairs
• Patented, sealed locking cartridge	• Odor-free and vandal proof
• Maintenance-free cartridge	• No need to replenish sealant between changes
• Smooth, non-porous surfaces	• Minimal care and easy cleaning
• Vitreous china or stainless steel bowl	• Unsurpassed durability

Waterfree Urinals

Includes

- Cartridge housing (pre-installed)
- Cartridge kit (includes one cartridge)
- Mounting bracket with anchors
- Uni-coupler (adaptive waste line coupler)
- Drain line test cap
- Installation instructions
- Heavy duty professional key for cartridge changes
- Chrome pipe cap

Cartridge Kits Include

- Sealed cartridge
- Diverter shield
- Installation key
- Pre-measured liquid sealant pack
- Disposal bag
- Plastic gloves
- Instruction sheet

Also Available

- Cartridges in economical 20-packs and 32 cartridge cases
- Foaming housing cleaner
