

THERMAL-VECTION™ HEAT AND HOLD DRAWER

Models TVD30 & TVD50

Features/Benefits:

- ★ Heat and hold drawer to preheat roller grill products. It's the perfect compliment to your roller grill!
- ★ Convection fan evenly distributes air to speed heating, evenly distribute heat throughout cavity and minimize power usage. **No competitor offers this feature!**
- ★ Electronic control features programmable controls for heat and hold temperatures and times with easy to see digital readout.
- ★ Electronic thermostat control maintains optimal temperatures to maximize product hold times.
- ★ Stainless steel pans are 1-1/2" deep and are easily removable without tools for easy cleaning, or placing in a dish machine.
- ★ Model 50 features two pans to prevent flavor transfer between products.
- ★ Each pan has sliding cover to reduce product dryness and increase hold times. Pans also prevents product from resting in juices.
- ★ Heavy-duty drawer slides for ease of operation.
- ★ 0 – 60 minute timer with a hold time of up to 4 hours. Temperature ranges from 140°F - 350°F.
- ★ Cool to the touch outside surfaces.

Model TVD50

(sold separately)

Applications:

Star Thermo-Vection™ Drawers, Roller Grills, Bun Boxes and Sneeze Guards combine to make the leading “Hot Dog Center” in the industry. These units perfectly complement your roller grill with no loss of counterspace. They are perfect for use in snack bars, convenience stores, recreational facilities, stadiums, and virtually any venue where fast food is sold.

Quality Construction:

Thermo-Vection™ Drawer is constructed of heavy gauge stainless steel. Drawers are equipped with removable stainless steel pans. Electronic time and temperature controls for accurate cooking and holding from low to high. Units ship standard with a 6' cord and plug.

Warranty:

Star Thermo-Vection™ Drawers are covered by Star's one-year parts and labor warranty.
