

Cushion-Ease® Solid Interlocking Anti-Fatigue Mat 556

Product Images

Short Description

- Resilient rubber compound and unique multi-nib support design offers exceptional fatigue relief
- Solid top design with an anti-slip surface texture is easy to clean
- Easy to snap-together system for on-site custom work station platforms
- Rubber compound is grease resistant
- Compatible with any Cushion-Ease® family mats
- 551 M.D. Ramp System® and 552 extra wide M.D.-X Ramp System™ available
- If using for home gym, NoTrax is not responsible for floor damage

Description

Cushion-Ease® Solid is a high performance interlocking anti-fatigue matting system made with a resilient rubber compound with a solid top anti-slip surface texture and a multi-nib backing for comfort and ergonomic support of the mat. Cushion-Ease® Solid mold has been engineered to produce a mat that is functional, comfortable and durable. All Cushion-Ease® series mats have a male/female interlocking system for individual workstations, long runs, unique configurations and wall-to-wall floors. Also compatible with NoTrax® M.D. Ramp System® for easy on-site custom configurations and trip-resistant platforms.
