Model HWP-2CL shown with pan accessory

Applications:

From sandwiches to french fries, Star's Heat-Wave Portable Warmers™ will display your menu items while keeping them fresh and hot until ready to serve.

Quality Construction:

Star's Heat-Wave Portable Food Warmers™ are constructed of stainless steel and aluminum alloys. Ceramic or metal sheathed elements provide top heat. Units with a heated base include a perimeter cast-in element that is thermostatically controlled. 60 watt lights located in the top housing are optional. A 6' lead in cord and NEMA plug are standard.
Pans sold separately.

Model HWP-2

Warranty:

Star's Heat-Wave Portable Warmers™ are covered by Star's one year parts and labor warranty.
