DFWF-250

The Deluxe Food Cooker produces steam using plain tap water for quick heating and reconstituting of food items.

Simple push button action delivers a fully adjustable impulse of steam. Because the amount of steam is consistent, it removes the guesswork and produces a uniform finished product from one operator to the next.

Features:

- 0-99 Minutes Timed Steam Cooking with Instant Warming Button
- Non-Clogging
- Self-contained Water Reservoir or Direct Water Hook-up
- Safety Steam Release Valve
