InstaCut™ 5.0 Manual Food Processors

Cuts Prep Time As Well As It Cuts Veggies

The new Redco® InstaCut™ 5.0 produces perfectly sliced or diced vegetables and fruits at least three-times faster than cutting by hand. One-stroke operation produces quick, clean cuts, without the bruising and waste of other methods. A full five-inch square cutting area processes even the largest fruits and veggies with consistent portion control and perfect presentation every time! The new base design allows use of containers measuring up to 6-inches tall by 6 13/16-inches wide. A simple, one-piece blade assembly pops in and pops out for quick changing and easy cleaning. This mighty manual processor will meet the demands of your commercial kitchen for many years to come!
